library.umass.edu/dml/equipment

A state of the art production space designed to support students working on multimedia and 3D print projects.

GREEN SCREEN ROOMS
With over 200 items to borrow you are sure to find the tool that meets your needs—from mics and audio recorders to tripods and video cameras.

SOUND ROOMS
The DML has four sound rooms outfitted with all the equipment you need to record professional quality narration and music.

3D PRINTING
Request a consult and submit an .obj or .stl file online at: library.umass.edu/print3d
Cost is $0.15 per gram.
Payment type accepted: Departmental Copy & Print Card, UCard, and Guest Card.

VIDEO EDITING and more...
The Digital Media Lab has iMacs, MacPros, and dual monitor PCs loaded with all the software you need to produce any kind of multimedia.
Software includes: Adobe CC, Final Cut Pro X, iMovie, GarageBand, Audacity, Maya, Logic Pro X, Pro Tools, and more.

“ I’ve done all my editing here and now I’m applying to jobs using these projects as evidence of my abilities. If this wasn’t here I’d be DOOMED.”

ATOMIC LEARNING
Short instructional videos on a wide range of software programs. Available to all UMass Amherst students, faculty, and staff.
Search library website for “Atomic Learning”

Lynda.com also available. Inquire at the DML desk.
