**A Learning Commons** is a central place that brings together services and facilities to support learning and teaching in a university. Learning Commons come in different sizes, scales and operation models; nevertheless, they are most often characterized by the following:

- A technology-rich environment
- An integrated hub of student services provided by different university units
- A variety of space designs for collaborative learning
- Space for meetings, seminars, tutorials
- Presentation support services and facilities
- Venues for electronic learning and teaching
- Social areas

The Learning Commons at the W.E.B. Du Bois Library supports the mission of the University of Massachusetts Amherst to provide a place for transformative learning experiences that inspire students to embrace challenge, engage in critical inquiry and creative thought, and grow in their chosen academic pursuits.

The Learning Commons provides high quality services responsive to the constantly changing research, and informational needs of our campus community as well as functional, flexible, inviting, safe, technology-equipped learning spaces.

**SPACE**

- Established in September 2005
- Over 30,000 square feet, Lower Level of Du Bois Library
- 18 group study rooms with white boards and computers; 12 with PCs, 6 with Macs, each accommodates up to 10 people
